Accreditation of regional non-State actors not in official relations with WHO to attend meetings of the WHO Regional Committee for Europe

Non-State Actors’ profiles

Introduction

This document provides information about the non-State actors as required in Framework of Engagement with non-State Actors (FENSA), paragraph 39 and the procedure to accredit NSAs to the Regional Committee for Europe.

WHO’s interaction with non-State actors is managed transparently through the WHO Register of non-State actors, and the below information will be made public via the Register when it is fully operational.

All accredited Non-State Actors have signed the required WHO Tobacco and Arms Disclosure form. The WHO does not engage with the tobacco industry or non-State actors that work to further the interests of the tobacco industry. WHO also does not engage with the arms industry.

Alzheimer Europe

General information

<table>
<thead>
<tr>
<th>Official name:</th>
<th>Alzheimer Europe</th>
</tr>
</thead>
</table>

Short self-description / Aims / Objectives
Alzheimer Europe (AE) defines its mission as "changing perceptions, practice and policy in order to improve the quality of life of people with dementia and their carers". The organization is fully committed to promoting the rights, dignity and autonomy of people living with dementia and campaigns for the following rights of people with dementia to be recognized: the right to timely diagnosis, quality post diagnostic support and person centered, coordinated, quality care throughout their illness, equitable access to treatments and therapeutic interventions and the right to be respected as an individual in their community.

Governance

<table>
<thead>
<tr>
<th>Legal status:</th>
<th>An “association sans but lucratif” (not-for-profit organization) registered as such in Luxembourg</th>
</tr>
</thead>
</table>

General assembly of members (or a similar body):

Name: General Meeting
Composition: national representatives as its key governing bodies

Functions:
to agree the general policy of the association, elect the Chairperson, Vice-Chairperson, Secretary and Treasurer and the other members of the Board of Directors, endorse budgets, adopt accounts and appoint auditors, conduct any business which has been duly notified, adopt and amend the rules and regulations of the association, fix the membership fees of full and provisional members, disqualify members, amend the statutes and dissolve the association voluntarily.

Executive decision-making bodies (e.g. board, board of directors, executive board, executive committee, etc):

Name of the body: Board of Directors
Composition and current list of members (name, function and affiliation):
The Board has 12 representatives from 12 different European countries and member organizations. One representative on the AE Board has been elected by the European Working Group of People with Dementia to represent its views in the governance of the organization.
The Board members: Iva Holmerová, Chairperson (Czech Republic), Charles Scerri, Vice-Chairperson (Malta), Jim Pearson, Honorary Secretary (UK-Scotland), Maria do Rosário Zincke dos Reis, Honorary Treasurer (Portugal), Helen Rochford Brennan, Chairperson of the European Working Group of People with Dementia (Ireland), Stefanie Becker (Switzerland), Marco Blom (Netherlands), Sabine Jansen (Germany), Pat McLoughlin (Ireland), Sirpa Pietikäinen (Finland), Jesús Rodrigo (Spain), Karin Westerlund (Sweden)

Functions:
The Board is elected for two years; for emergency decisions, an Executive Committee consisting of the Chair, Vice-Chair, Secretary and Treasurer is entitled to make decisions on behalf of the organization. The Board meets four times a year and is charged with the administration of the organization between Annual Meetings. The Board monitors the implementation of the organization’s activities against the work plan and budget of the organization. The Board also supervises
Financial information

The audited accounts of Alzheimer Europe of 2016 including the organisation’s balance sheet and profit and loss accounts have been provided.

In addition, Alzheimer Europe provided a detailed breakdown of all funding sources to meet the transparency requirements of the European Commission for organisations in receipt of an operating grant by the EU health programme and of the European Medicines Agency for organisations accredited to interact with the agency.
Alzheimer Europe publishes its accounts online, as specified by the transparency criteria of the European Medicines Agency. The accounts are made available after they have been adopted by its Annual Meeting and audited.

Web link to financial information / reports if available: https://www.alzheimer-europe.org/Alzheimer-Europe/Finances2/Financial-accounts

Membership

As of October 2018, Alzheimer Europe has 42 members from 37 countries in Europe.

Web link to membership list: https://www.alzheimer-europe.org/Alzheimer-Europe/Who-we-are/Our-members

Entity’s engagement with WHO Europe

Alzheimer Europe has a long history of engagement with WHO Europe including:

- Participation in Global Dementia Observatory (GDO)
- Collaboration with WHO and EU Government experts on dementia
- Representation of ADI at WHO/Europe meetings
- Dissemination of WHO activities at AE events
- Dissemination of WHO activities in AE publications

Alzheimer Europe will collaborate with WHO to help achieve the target of 75% of countries to have national policies strategies or plans or framework for dementia either stand alone or integrated into other policy/plans by 2025 with a focus on the European region.

Alzheimer Europe will focus on supporting the WHO and WHO/Europe Secretariat in the following actions foreseen in the Global Action Plan on the Public Health Response to Dementia:

- Compile and share knowledge and best practices on existing policy documents dealing with dementia including codes of practice and mechanisms to monitor the protection of human rights and implementation of legislation, consistent with the Convention of Rights of Persons with Disabilities and other international and regional human rights instruments,
- Motivate and actively engage in dialogue between associations representing people with dementia and their families, carers and families, health workers and government authorities in reforming health and social laws policies strategies plans and programmers relevant to dementia while paying explicit attention to the human rights of people with dementia and their carers as well as their empowerment engagement and inclusion.

ACTIVITIES: As part of this priority, Alzheimer Europe will:

- Provide an overview with detailed information of existing national dementia strategies and dementia policies contained in neurodegenerative disease strategies with a comparative report highlighting the commonalities and differences in approaches (2018)
- Carry out an overview of epidemiological studies in European countries and provide an updated report on the numbers of people with dementia currently living in the European Union with estimates of future trends of these number (2019)
- Carry out a mapping exercise of its national organizations to understand their membership, staffing, funding and activities and services (2019)
In addition to working with its national member organizations, Alzheimer Europe will liaise closely with the WHO for the development of these reports.

<td>Any individual, institution or body with an interest in health professions education may become a member of AMEE on payment of the appropriate membership fee. <a href="https://amee.org/membership">https://amee.org/membership</a></td>
</tr>
</tbody>
</table>
| Executive decision-making bodies | AMEE is governed by an Executive Committee consisting of a President, General Secretary/Treasurer, six committee members, one Junior Doctor Representative, one student member nominated by IFMSA and one student member nominated by EMSA. The President of the World Federation of Medical Education and the immediate Past President are ex officio members. Additional members may be co-opted to the Committee as the need arises.  

A Nominations Committee is charged with reviewing nominations from AMEE members and bringing forward to the General Assembly appropriate nominations to fill vacancies on the Executive Committee.  

The General Assembly is held in August/September, during the annual conference. The agenda papers are circulated to AMEE members in May/June, and include an invitation to nominate committee members to fill the vacant places on the Executive Committee. Committee members are elected by the membership at the General Assembly. |

Financial information

AMEE income is generating through membership subscriptions. The AMEE financial reserve in Bank as the last audit stands at 1,828,740 £. Further information can be found at [https://www.oscr.org.uk/charities/search-scottish-charity-register/charity-details?number=SC031618#results](https://www.oscr.org.uk/charities/search-scottish-charity-register/charity-details?number=SC031618#results)
Entity’s engagement with WHO Europe

The collaboration between AMEE and WHO EUROPE is not new. It was recognized already in 1992 when the original AMEE Constitution was approved on September 2nd. Please see item 4.2.1.6 of the Constitution in Appendix 2, where it is stated:

‘Ex officio members are the past President of the Association and the President of the World Federation for Medical Education. A representative of the WHO Europe will be invited to attend as an observer of meetings of the Executive Committee’

A three-year working plan for collaboration with WHO Europe that has been developed and agreed on jointly by AMEE and WHO Europe in 2017 namely by Dr. Galina Perfilieva (WHO copartner) and Prof Madalena Patricio (AMEE)

<tr>
<td>Executive decision-making bodies</td>
<td>The General Council is the highest governing body responsible for formulating the policy of EuroHealthNet. Each year, all EuroHealthNet members come together in a joint meeting, the General Council meeting, held alternately in Brussels and in a Member State. Each member has a decision role in the activities for the next year, and holds the Executive Board and the EuroHealthNet Office to account.</td>
</tr>
</tbody>
</table>

**Financial information**

EuroHealthNet has been part of the EU Transparency register since 2009. EuroHealthNet’s funding comes from Member and Partner fees, a core grant from the EU Programme for Employment and Social Innovation (EaSI), and co-funded project grants. It continues to try to increase the proportion of funds from direct participation to improve self-governance.

An external accountant prepares annual financial and balance reports, which are then certified by a separate advisory and accounting firm. The General Council checks and approves the financial reports at its annual meeting. The audit reports for 2016, 2015, and 2014 are available online; for previous years, contact EuroHealthNet.

EuroHealthNet started receiving a core grant from the EaSI programme in 2014, and in 2016, an external financial audit was carried out on behalf of the EC covering the first year of the funding. This audit was completed quickly and successfully, with no reconciliation required.

Clear rules and guidelines for procurement, asset and financial management, and risk assessment are well established and set out in the ‘How We Work’ document, available on request. [https://eurohealthnet.eu/about-us/who-we-are](https://eurohealthnet.eu/about-us/who-we-are)
Entity’s engagement with WHO Europe

EuroHealthNet has a long history of engagement and collaboration with the Regional Office for Europe and in the following three years will continue this active engagement via exchanges of information and experiences, mutual support and collaboration in policy, advocacy, dissemination, research and country-level capacity building

Names and contact details of the entity’s focal points for collaboration:

# European Cancer Organization (ECCO)

## General information

<table>
<thead>
<tr>
<th>Official name:</th>
<th>European Cancer Organization (ECCO)</th>
</tr>
</thead>
</table>
| Short self-description / Aims / Objectives | Article 2 of ECCO Statutes (extract): “The Association shall not have any profit motive. The goals and objectives of the Association shall be to:  
- provide a cohesive platform for European cancer societies and organisations;  
- work together to improve cancer treatment outcomes; and,  
- be the unified voice of the European |
| Website: | www.ecco-org.eu |

## Governance

| Legal status: | ECCO is legally registered as a not for profit association registered in Belgium, with its registered office located at. Avenue E. Mounier 83, 1200 Brussels, Belgium.  
https://be.kompass.com/c/the-european-cancer-organisation-asbl/be0256351/  
It also files an annual report to the EU’s Transparency Register.  
| Members | ECCO is composed of 23 Member Societies of pan-European scope - representing over 170 000 professionals - and is the only multidisciplinary organisation that connects and responds to all stakeholders in oncology Europe-wide.  
http://www.ecco-org.eu/About-Ecco/Members |
| Executive decision-making bodies | The highest governing body of ECCO is its General Assembly, composed of a main representative and one alternate representative designated by each Member organisation. The General Assembly meets formally twice a year, serving as the official meeting of its members’ representatives.  
The General Assembly thereafter elects a Board of Directors (15 members) every two years, with each member society having the right to nominate one candidate for these elections. The President, the President-Elect (elected by the Council), and the Chair of the Patient Advisory Committee are counted in the 15 seats.  
http://www.ecco-org.eu/About-Ecco/Organisation/Structure  
The Board of Directors meets quarterly to assess the overall direction and strategy of the association. Its current composition is available here: http://www.ecco-org.eu/About-Ecco/Organisation/Board-of-directors  
The Board of Directors is supported by a range of advisory committees, including:  
- A Patient Advisory Committee  
(http://www.eccoorg.eu/PatientsAdvocacy/Patient - advisory - committee)  
- An Oncopolicy Committee (http://www.ecco - org.eu/Policy/How - we - Work/ECCOs - Policy - Committee)  
Task-and-finish working groups are also constructed to steer and complete projects with over-arching pan-membership contribution (E.g. the development of Essential Requirements for Quality Cancer Care). |
Financial information

Assets: 13,286,783,05 EUR (2016)
Annual Income: 5,774,504,37 EUR (2016)

Entity’s engagement with WHO Europe

ECCO has mainly engaged with WHO through:
Its membership of broader coalition bodies in official relations with the WHO, such as the Union for International Cancer Control (UICC) and the European Public Health Alliance. This has included, but not been limited to:

- Contribution as a member to UICC resolution and consensus forming projects with subsequent impact for WHO positioning on cancer e.g. the 2011 Dublin Resolutions, the 2017 World Health Assembly Resolutions
- Contribution towards the preparation of EPHA statement and interventions at WHO regional committee meetings.

Participation in and support for WHO communication initiatives in the area of cancer such as World Cancer Day and promotion of the IARC Code Against Cancer. This has taken place via a variety of communication methods, including but not limited to:

- Hosting information about the initiatives on the ECCO website
- Conducting politically supportive events

<tbody>
<tr>
<td>Short self-description / Aims / Objectives</td>
<td>EFA is a European alliance of 42 allergy, asthma and chronic obstructive pulmonary disease (COPD) patients’ associations in 25 countries representing 30% of European citizens currently living with these diseases.</td>
</tr>
<tr>
<td>Website:</td>
<td><a href="http://www.efanet.org">www.efanet.org</a></td>
</tr>
</tbody>
</table>

Governance

| Legal status: | EFA was founded in 1991 in Stockholm, Sweden, as a non-profit organisation |
| Members | EFA is a European alliance of 42 allergy, asthma and chronic obstructive pulmonary disease (COPD) patients’ associations in 25 countries representing 30% of European citizens currently living with these diseases. |
| Executive decision-making bodies | EFA is governed democratically with each member enjoying an equal status. Applicants for membership must fulfil specific criteria on accountability, democracy, legitimacy and transparency as preconditions for acceptance. Applicants must have governing bodies or representatives elected by patients, or, in non-membership based organisations, having the patient perspective incorporated in policy-making by democratic means. Each member is registered as a non-profit or charity. The highest governing body is the General Meeting (GM), composed of delegates from member organisations and meeting once per year at the Annual General Meeting (AGM). Members nominate the candidates for elections and elect a Board of five persons, which all have to come from different countries. The President and Vice-President are elected in direct elections. The Board elects among themselves the Treasurer and Secretary. Board members can serve a maximum of three two-year terms. The AGM approves the strategy, work plan, annual accounts and budget, prepared by the Board and accepts new members. |

Financial information

EFA operates with funding from membership fees, public EU funding, private unrestricted core-funding, project funding from corporate sources and donations that are disclosed every year. EFA ensures that all forms of funding are open and transparent, and that they do not come from tobacco and arms industry. The Annual Report, including audited financial accounts and overall budget for the next year is annually approved by the Annual General Meeting of members. This information is publicly available online: http://www.efanet.org/who-we-are/funding-partners.
Entity’s engagement with WHO Europe

Participation in WHO organised events on this topic (for instance, Joint Task Force on the Health Aspects of Air Pollution) and communication around World Days (for instance, World Health Day) or main events (for instance, World Health Assembly meeting) – 2018-2020

European Federation of the Association of Dietitians

General information

<table>
<thead>
<tr>
<th>Official name:</th>
<th>European Federation of the Association of Dietitians</th>
</tr>
</thead>
</table>
| Short self-description / Aims / Objectives | The European Federation of the Associations of Dietitians (EFAD) was established in 1978. The aims of EFAD are to:  
- Promote the development of the dietetic profession  
- Develop dietetics on a scientific and professional level in the common interest of the member associations  
- Facilitate communication between national dietetic associations and other organisations – professional, educational, and governmental  
- Encourage a better nutrition situation for the population of the member countries of Europe. |
| Website: | www.efad.org |

Governance

<table>
<thead>
<tr>
<th>Legal status:</th>
<th>EFAD is registered as a Rechtspersoon at the Kamer van Koophandel, Eindhoven, Nederlands (KvKnummer 40215656)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Members</td>
<td>Membership of the Federation is open all National Associations of Dietitians from member states of Europe and Higher Education Institutes worldwide that teach dietetics.</td>
</tr>
<tr>
<td>Executive decision-making bodies</td>
<td>The key structural elements of EFAD are the General Meeting of the Member Associations (GMMA), 3 Standing Committees and an Executive Committee (EC). A Scientific Reference &amp; Advisory Group of external experts provides an independent reference. The GMMA democratically elects an EC of 9 members, including an Honorary President. Four of these are delegates from full member associations; one undertaking the role of Honorary Treasurer. The three Standing Committee chairs are nominated by the Associations, democratically elected at the GMMA, and are also members of the EC. The Standing Committee members are nominated for their expertise and selected by the EC. Each committee member serves for 4 years (renewable) and retires in rotation.</td>
</tr>
</tbody>
</table>

Financial information

- Income for EFAD comes from its membership contributions (63%)  
- From time to time EFAD is engaged to undertake projects which will support the Federation to achieve its aims. During 2016 the income achieved a total of 40,587 EUR of which 27,195 EUR was used to support the projects. Total income through this source represents 8% of the annual income.  
- Sponsorship for 2016 was 18,800 EUR or 12% of the annual income.  
- The figures for 2016 are representative of other years for EFAD accounts.
Entity’s engagement with WHO Europe

EFAD has had a history of involvement with WHO Europe requesting frequent briefings at our conferences and support and engagement with projects and surveys

## European Forum for Primary Care

### General information

<table>
<thead>
<tr>
<th>Official name:</th>
<th>European Forum for Primary Care</th>
</tr>
</thead>
<tbody>
<tr>
<td>Short self-description / Aims / Objectives</td>
<td>The European Forum for Primary Care was initiated in early 2005 by a group of interested parties from several countries. The Forum aims to improve the health of the population by promoting strong Primary Care. This is done by advocating for Primary Care, by generating data and evidence on Primary Care and by exchanging information between its members. The Forum seeks to expand its membership and thereby to become a leading force for strengthening Primary Care in Europe.</td>

</tr>
</tbody>
</table>
Financial information

More than half of EFPS’s yearly income comes from membership fees. It provides a firm basis for the secretariat which also receives money from EU projects and other activities. The latest financial report can be found at: http://www.euprimarycare.org/annual-reports

Entity’s engagement with WHO Europe

Examples include:

- Participation in the written consultation on the European policy for health, Health 2020 after an official invitation by WHO Regional Office for Europe.
- Multi-country study visits: EFPC organised in close collaboration with the WHO (Geneva) study visits for the WHO’s Site-Based Learning Programme. The programme aimed to disseminate the principles of the World Health Report 2008: Primary Care Now More Than Ever by visiting "best practices" in primary care to WHO participants.
- WHO European Centre for Primary Health Care in Almaty, Kazakhstan, the centre for excellence in primary health care is an EFPC member
- Primary Health Care Advisory Group: involvement of EFPC members like former chair Prof Jan De Maeseneer and former Advisory Board member, Dr Anna Stavdal.
- Two premium members are collaborating centre for primary care to WHO Europe. Many of the institutional and individual members of EFPC have connections with WHO Europe.
- Members of EFPC have participated and contributed to WHO meetings and policy dialogues and other activities of European Observatory on Health Systems and Policies.

### European Forum of Medical Associations (EFMA)

#### General information

<table>
<thead>
<tr>
<th>Official name:</th>
<th>European Forum of Medical Associations (EFMA)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Short self-description / Aims / Objectives</td>
<td>The aim of the EFMA Forum is to establish dialogue and cooperation between National Medical Associations and the WHO in the European Region, in order to improve the quality of health and health care in Europe; to promote the exchange of information and ideas between National Medical Associations and between Associations and the WHO; and to formulate consensus policy statements on health issues.</td>
</tr>
<tr>
<td>Website:</td>
<td>N/A</td>
</tr>
</tbody>
</table>

#### Governance

| Legal status: | Association. In December 1984 the Regional Director of WHO-Europe invited the National Medical Associations (NMAs) in the WHO European Region to a joint meeting in Copenhagen, to discuss Health for All in Europe and other matters of common interest. Since then, joint annual meetings between the European Regional Office of WHO and the National Medical Associations have taken place, hosted by different National Medical Associations. |
| Members | National Medical Associations, Membership in the Forum shall be open to all recognized physician organizations of any country in the European Region of the WHO that is recognized by the UN. A physician organisation shall be defined as “a free independent nongovernmental association of physicians constituted in an organisation which elects its own officers, appoints its own staff and determines its own constitution, except for any statutory duties that it undertakes, and whose activities cover all the various aspects of professional practice.” |
| Executive decision-making bodies | The EFMA Liaison Committee (LC) serves as the “executive committee” that organizes the scientific program of the annual Forum meeting and runs all other EFMA business and activities. The Liaison Committee formally submits the following recommendations and guidelines on the organization and activities of the European Forum of Medical Associations. The Liaison Committee shall be made up of 3 EU representatives, 3 non-EU representatives, a WHO representative, the EFMA Secretary General, LC Advisor, the editor/publisher of the handbook, the president of the NMA providing support for the EFMA Secretariat and the immediate-past, present and future forum host. |

#### Financial information

Funding of EFMA comes from membership fees. Registration fees reflect the cost of related preparation and follow-up work of the Forum plenary meetings. The amount of dues and fees may be re-evaluated once every two years. Dues for a specific country may, by consensus of the LC members, be reduced or waived.

#### Entity’s engagement with WHO Europe

Planned collaborative activities with the Regional Office for Europe in 2018–2020: The Regional Office will be involved in the annual EFMA meeting and joint projects. For example, following the EFMA meeting in 2018, a joint work group may be set up to further...
review the area of workforce planning. Other projects which may be developed are in the areas of cyber security in the health sector and violence against health professionals.

Governance

| Legal status:          | EMSA is registered in Belgium as Association Europeenne des Etudiants en Medecine - European Medical Students’ Association (A.I.S.B.L). It constitutes an international non profit association with a pedagogic and scientific purpose and is governed as such under Belgian law. |
| Members                | Medical students                             |
| Executive decision-making bodies | The highest decision-making body in EMSA is the General Assembly (GA), which consists of all Members, represented by their Representatives with voting rights present or represented by proxy vote. Each Full Member is granted one voting right in the GA. Members of the EEB are elected by the GA or, in case of a vacancy, appointed by the EB. |

Financial information

EMSA has an annual income of 15.000€ which consists of mainly the contribution from members. EMSA does not have any assets or funding from external sources.

Entity’s engagement with WHO Europe

- Work on the focus topics of WHO Europe, particularly: Antimicrobial resistance, environment and health, disease prevention, eHealth, migration and health, non-communicable diseases, sexual and reproductive health, sustainable development goals, vaccines and immunization, mental health.
- Invitation of WHO representatives as keynote speakers to EMSA’s general assemblies.
- Attending WHO Europe’s regional meetings with meaningful youth participation.
- Elaborating the student’s and young professional’s point of view to WHO and educating European Medical students about WHO’s structure and areas of activity.
- Encouraging EMSA members to do an internship at the WHO Regional Office and to participate in on-the-job learning, such as work shadowing.
- Organize a briefing event before the Regional Committee where EMSA members can gain a better insight into WHO Europe’s focus areas, the structure and the decision making process of the RC. Agenda of the event to be consulted with WHO Europe.
- Providing support in research conducted by WHO by reaching out to the target groups.

Governance

| Legal status: | EUPHA is registered as a not-for-profit association with the Chamber of Commerce in The Netherlands since 19-04-1994 (registration number 40482791) |
| Members | https://eupha.org/about_members.php?members=all# EUPHA now has 81 members from 47 countries. In addition, EUPHA has 12 partners, including the Association of Schools of Public Health in the European Region (ASPHER) and European Centre for Disease Prevention and Control (ECDC). An overview can be found on our website: https://eupha.org/eupha-partners |
| Executive decision-making bodies | EUPHA is a member-based organisation. The members are represented in the Governing Board, which is responsible for approving the annual report on activities, the annual financial report, the work plan and budget for the coming year, as presented by the Executive Council. The Executive Council consists of elected governing board members. The Executive Council is charged with the management of the association and is assisted by EUPHA office. Members of the Executive Council sign a conflict of interest declaration |

Financial information

EUPHA is a not-for-profit organisation. Income and expenditure are balanced. EUPHA has four sources of income: membership fees, the annual European Public Health Conference, the journal (EJPH) and projects. An overview of the finances over the past years can be found here: https://eupha.org/general_page.php?p=27.

Entity's engagement with WHO Europe

In the past EUPHA has participated in joint WHO/Euro-EUPHA plenaries, pre-conferences and workshops at the European Public Health (EPH) conference and attended the meetings of WHO Regional Committee for Europe.

EUPHA’s three-year plan for collaboration with WHO Europe includes the health priorities as set out in WHO’s Draft 13th General Work Programme, including noncommunicable diseases (NCDs), mental health, substance use, road traffic injuries, as well as health effects of climate change and environment. The joint activities will focus on ‘leaving no one behind’ and ‘promote health, keep the world safe, serve the vulnerable’. Also reducing health inequalities, a key priority for both WHO and EUPHA, is a main theme of the collaboration.
